We are a premier occupational health services designed to reduce health care costs, increase productivity, reduce absenteeism, enhance employee morale and retain high quality employees and create a positive return on investment.

NATURE OF BUSINESS

occupational health services (Mobile on Site & Clinic based)

INTRODUCTION

We offer comprehensive on-site and walk-in to all regulations set out in the Occupational Health and Safety Act

We are a premier occupational health services designed to reduce health care costs, increase productivity, reduce absenteeism, enhance employee morale and retain high quality employees and create a positive return on investment.

PRIMARY FOCUS

To assist employers to save time and costs through the provision of on-site mobile, job-site and risk driven surveillance.

To equip employees with skills and abilities that will empower them to safe-guard their own welfare and safety above the efforts of the employer.

Enable to comply with occupational health legislation

INTRODUCTION

The Business Existence Is Based On Two Facts

- Healthy employees are more productive than chronically ill employees
- It costs less to prevent injuries than to treat them after they occur

- Improving the health, motivations and encouraging companies and employees to take responsibilities for their health.

- Educating and empowering communities to live healthier lives
- Providing a high and efficient occupational health services that fulfills the legal requirement and keeps their employees healthy and productive.
- Creating a long lasting relationship with our patients by treating them with respect and compassion
- creating a culture that instills passion and productivity in our employees that allows them to prosper beyond the workplace
